Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

(1) Sir,

A copy each of the Govt. orders No 16-6-32 and 10-12-32 are forwarded herewith. As the latter does not modify the previous one the Chairman and Selecting a Deprived Class Candidate does not seem to dispense with the necessity of forwarding to be shown to him by the responsible Officer under the G.O. of 16-6-32.

In this view orders passed on the accompanying files seem to require recon-

(2) I do not think so. The latest G.O. of Dec 32 refers to the previous G.O. of June 32 & is evidently in modification (for the time being, at any rate) of the previous G.O. This is also apparent from the spirit & substance of the G.O's otherwise there would have been no need for this G.O. of Dec 32. The power of concession is now vested only in the Ch. man ~~of the Appellate Officer~~ at his discretion in relaxation of rules of the Adv. of the Govt. It is also for him to give proper to ~~the~~ qualified, who are ~~of the~~ entitled to the double concession.

perhaps the idea in view of the last para of G.O. of June '32. The position seems clear to me. Please also see the files bearing on this G.O's (also the R.A. discussion)

Re preference to depressed class for appointment.

Serial No.

(3) Reference paras 1 and 2 supra The ×files leading to the Govemmt orders dated 16th June and 10th December 1932 and also a copy× of the L. C. discussions in the matter of the preference to be shown to the depressed classes for appointment in the State Service are put up. As the special concession allowed to these classes in 1922 in the matter was withdrawn by the order of the 16th June 1922 and as there were several representations thereon for the restoration of the original privileges, the matter seems to have considered further and the order of 10th December '32 issued without prejudice to that of 16th June. The cases in which the Chairman, C.I.R.B does not make special selections of these candidates in accordance with the order of the 10th December should in the usual course be governed by the order of 16th June and dealt with accordingly by the appointing officers. If it were otherwise, the same would have been specified in the order. The order of 16th June has not therefore been modified by the latter one.

(4) Q? Shd it not all where is it stated & Please see my Notes on the previous page. For the Chairman & spirit of the G.O's, the G.O of Dec '32 is passed as a via media between the two previous G.O's & the G.O of June 16th. Surely after the removal of the depd. communities there can be no doubt as to the correct procedure

RESOLUTIONS.

Resolution No. 1.

"That this Council recommends to the Government of His Highness the Maharaja to reconsider their recent Order No. 6475-6624-C.R.B.14-31-2, dated Bangaloro, the 16th June 1932, in the matter of showing the first preference to the candidates of the depressed classes as regards initial appointments in Government service and to kindly restore the Government Order No. 7993-8142-C.R.B. 1-28-4 dated 22nd April 1929.

Covers: P. Murugesam Pillay, B.L. Byanna, P.C. Narasimhalu Naidu, V. Venkatappa, P. Subbarama Chetty, Syed Ismail, and Dr. D.S. Ramachandra Rao.

MR. P. MURUGESAM PILLAY: Sir, I beg to move the above resolution. I do not want to take much of the time of this House by any lengthy explanation .....

MR. PRESIDENT: I do not know whether it is really necessary for you to move this because what you want has really been provided for by the Government Order subsequently issued in the matter.

MR. P. MURUGESAM PILLAY: I am thankful to the hon'ble members for having given the first rank in the ballot to this resolution. But still, the Government Order seems to be so uncertain. If the first Government Order giving first preference is put into force for a short time at least , my community will be more benefitted. Ever since the Order of June last taking away first preference to the candidates of my community was passed, the educated boys of the community have been put to a lot of difficulties and it has discouraged to a very great extent and those who intended to pro-

This in the long run will be a great xxxxxxxxx set back to the cause which has advanced so much by the confidential promises given by xxx many of the Dewans from the year 1921 downwards till the date of rescinding that order. Therefore I very respectfully request the Government as well as the hon'ble members to reconsider and restore the Order of 1929 and have it in force for another five years at least. With these remarks, I commend this resolution for the acceptance of the House.

MR. BL. BYANNA: Sir, I beg to second the motion.

Resolution No. 1.

MR. D.H. CHANDRASEKHARAIYA; Sir, I am in full sympathy with the object of the mover, but since the question requires consideration by the Government as well as by the Recruitment Board, I wish Government will be kind enough to refer this to the Recruitment Board for needful action.

Resolution No. 1.

MR. D.S. MALLAPPA: Sir, I am not opposed to the members of the Adikarnataka community getting sufficient number of appointments in the Government service. In order to enable them to get some appointments, Government were kind enough to pass a certain order sometime back. Since the working of that order has revealed several defect and anomalies and since ~~xxxx~~ the Government also considered that this community had received some consideration at the hands of the appointing authorities, they have changed the order. But the Recruitment Board took this question up and seriously considered it. They have proposed annual rotation in order to give satisfaction to all communities. If that rotation system is adopted, it will give facilities not only to Adikarnatakas but also to other communities. Since the ~~xxxx~~ wording as it stands is in order, I am sorry I have got to oppose although I am in full sympathy with the community securing a sufficient number of appointments. I earnestly request the Government to kindly approv the annual rotation system that has been accepted by the Recruitment Board. The Recruitment Board have submitted that resolution to Government and I hope they will pass orders accepting the recommendation of the Board.

Res. 1.

Mr. H.B. GUNDAPPA GOWDA: I am surprised at the attitude taken up by Mr. Murugesam Pillay. In fact this question was threshed out in the Recruitment Board, a working compromise was arrived at and Mr. Murugesam Pillay also agreed to that formula. Government have accepted the principle and passed an order. In the face of the Government Order, the resolution is not acceptable. to live

---

M.. H.C. DASAPPA: Sir, I am in entire agreement with Mr. Murugesam that all facilities should be shown to the members of his community. I simply do not know what the latest Government order is, and if that satisfies his community and secures the object which Mr. Murugesam Pillay has in mind, he will do well to give it a trial.

.....

Resolution No. 1.

MR. K.T. SATYANARAYANA GETTY: Sir, in supporting the resolution of Mr. Murugesam Pillay, I ~~xish~~ wish to make one or two remarks. In the recent order of Government — if I understand it correct— full discretionary power is given to the Chairman of the Recruitment Board. What is ~~there~~ real Mr. Murugesam Pillay is afraid of ~~existing~~ ~~so~~ So long as the Chairman is very sympathetic, certainly the interests of the community will be safeguarded. It all depends upon who the Chairman ~~xikkxks~~ of the Committee will be. ~~Otherwise~~ Otherwise, the ~~interested~~ community will suffer. Whatever it is, my opinion is that in these days when we are ~~xxxxxk~~ advocating the cause of the depressed classes so much and when we are speaking so much about the advancement of that class, I for one cannot conceive of anything which can be said against that community. If we are to really show some sort of practical sympathy to the depressed classes of whom you are talking so much, it will be very reasonable to support this resolution with all the force at our command. With these words, I support the motion.

MR. H. SIDDAIYA: Sir, I am one of those that have got the greatest sympathy for the community and also for their advancement and their intry into Government service. But the resolution that is now put forward by the hon'ble member is not so much acceptable at any rate to a considerable section of the House for the simple reason that if it is accepted it will have very serious consequences. At this rate, much injustice will be done to the other backward communities. In the name of experts, so many candidates would be recruited to the services who will be, as things are, — we have seen a number of experts in several industrial concerns — members of the Brahmin community. For general vacancies, the best qualified men are selected and as things are, it is the Brahmin community members that will get into those vacancies. So both for general vacancies and for export services, only the members of one community will come in, and in the name of the backward classes, the members of the Adikarnataka Community who are less qualified and of course having minimum qualification, will be entitled to enter into the service. At this rate only the Brahmins and the Adikarnatakas will get into Government service. This will be a great injustice to the other communities.

There is also another point. The mover of the resolution was saying that the number of applicants of his community is very small. I do not agree to it. Students who have passed several examinations are not wanting in that community, and as I have seen, it is within my know-

knowledge — I am correct in saying so, I think that there are a number of ~~applications~~ representations. In the interests of the backward communities, I think I have to oppose this resolution. The other backward communities have not progressed as much as the Adikarnatakas. The representation of Upparas, Kurubars, Vokkaligars, Lambanis, Bedars etc., is not in any way encouraging.

In these circumstances, though I fully sympathise with the mover, I have to oppose the resolution. I suppose I will not be misunderstood. The subsequent order issued after this resolution was sent up, may be in force for some time.

MR. G. CHANNAPPA: Sir, I move that the question be put.

MR. PRESIDENT: I think it is necessary that the position of Government should be explained.

Res. 1.

MR. C.P. RAJAGOPALACHARI: The House is fully aware of the sympathy which the Government have always felt for the members of the Adikarnataka community, but they cannot accept the resolution in the form as it is presented to the House. The first order was passed in 1921 when the number of candidates from the community was somewhat small and that concession has been extended by Government for such a long time. Now what is happening is in connection with general vacancies (as stated by Mr. Siddaiya) mostly Brahmins have been getting appointments till now. That is the practice. And if in connection with other appointments, preference is given to the Adikarnataka community, naturally there might be hardship in the case of the other communities. Therefore, in order to remove this anomaly, Government withdrew these very special concessions which were granted in 1921 but that does not mean that the Government are not going to help the Adikarnataka community. Now they have passed an order some time ago stating that preference should be given to themembers of the Adikarnataka community. I think that ought to satisfy Mr. Murugesam Pillay for the time being and if he presses the motion to a division, I am afraid, it will have to be opposed.

Res. 1.

MR. P. MURUGESAN PILLAY: I am thankful to the Government as well as to the hon'ble members of this House for having a warm corner in their hearts with regard to the depressed classes. I really appreciate the sentiments expressed by Mr. Satyanarayana Setty. In view of the assurance ~~xxxx
